Plan Goals (choose as many goals as desired)

For the Employees:

- Allow employee 401(k) contributions (on a before-tax basis).
- Provide a competitive benefit in the marketplace.
- Encourage and reward employee retention and longevity (e.g. use of a vesting schedule).
- Focus benefits on Owners.
- Contributions to Owners should reach the maximum limits each year. (e.g. \$44,000 per year)
- Focus benefits on higher-paid, key employees.
- Create an incentive for greater Company profits (or profits by division or profit center).

For the Employer:

- Maximize income tax deductions.
- Employer contributions should be allocated as a percentage of pay.
- Employer contributions should be made as a match, based on employee contributions.
- Employer contributions should be discretionary and flexible each year in total.
- A portion of the Employer contributions may be a fixed commitment each year;
 - e.g. % of total payroll
- Annual Employer contributions might range from \$ to \$,
 - or from % to % of total employee payroll.

True or False:

- | | | |
|---|---|---|
| T | F | It is acceptable for the Employer to be required to contribute 3% of payroll per year. |
| T | F | We want to be able to make discretionary Employer contributions greater than 3% of pay. |
| T | F | It is acceptable for Employer contributions to be immediately 100% vested. |
| T | F | It is acceptable for Employer contributions to be limited to \$10,000 per year. |
| T | F | It is acceptable for total Employer and Employee contributions to be limited to \$20,000 per year (rather than \$44,000). |
